

Trigger Adapter for CG07 or CG09 Control unit (remote triggering) when using GA02 Automatic guns

Connecting guide

Attention:

When connecting the trigger adapter, observe the local safety regulations and the general safety regulations of ITW Gema GmbH! If problems arise after fitting the equipment, contact your authorized ITW Gema GmbH agent or dealer immediately! If you attempt to repair the Control unit yourself, this can lead to a loss of the guarantee rights!

Note:

Each gun has to be switched individually!
Before using this equipment, read carefully the corresponding Gun control and Automatic gun operating manuals!
